

## Newsletter 10/02/2017

We use a 'Traffic Light' system to inform children if their behaviour is not of the acceptable standard. The aim is for children to stay in Green. For children to display Green behaviour, they would be in the right place, at the right time, doing the right thing. The total below show how many children have achieved this each week.

**This week 298 children have stayed in Green.  
Well done!**

This week the Parrots and Penguins have been learning about how to be safe online and what to do if a strange message pops up on our tablets. We created emoji faces in the playdough and we also made some tasty emoji biscuits!

## e-Safety Week

This week the whole academy has been focusing on how to use the internet safely and we joined the world to celebrate Safer Internet Day on Tuesday 7<sup>th</sup> February. Below are just some of the examples of the work completed throughout the academy and we shared even more on Twitter - which now feeds straight onto our academy website so you don't need to be signed up to Twitter to see the amazing things happening in our classrooms every day. Come and have a look [www.simpsonslane.org.uk](http://www.simpsonslane.org.uk)

If you need any information on how to ensure your children use the internet safely please speak to a member of staff who will be able to help.

This week the Flamingos have been learning all about how to stay safe online, we have discovered what different devices children use to go online and looked at how to use online games and apps safely. The Flamingos have looked at the story of

'DigiDuck' and what happened to him when he shared an unkind picture of his friend online. Ask your child to re-tell you the story and explain the lesson they learnt from this. @SimpsonsLane1M

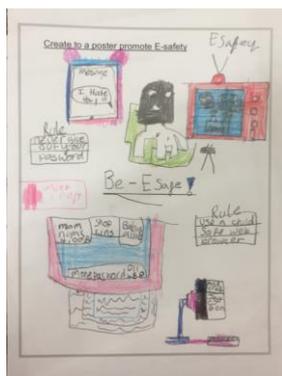

This week the Meerkats learnt how to stay safe online by listening to 'Smartie the Penguin'. He helped us to understand the importance of always checking with an adult if something appears on our computers that we are not sure about. I am sure your children will be able to tell you lots of information of how to stay safe online, well done Meerkats! @SimpsonsMeerkat

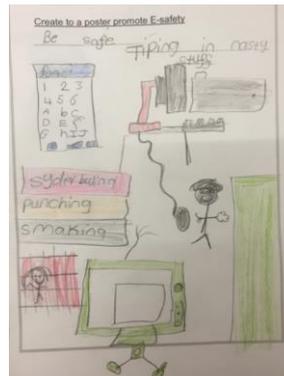

This week in E-Safety week we've been really busy! We've researched how much time online children spend and then created our own E-safety videos. You can see all our work on our twitter feed. @SimpsonsLaneSC

The Polar Bears are very excited about the e-Safety poster competition – here are some of our entries: @SimpsonsLane2W

This week it is E-safety week and the Rabbits have been hard at work learning about how to be safe on not only the internet but in general! We talked about being safe while using social media and multiplayer games, we even came up with our own set of tips on how to be safe online and made some posters to promote E-safety because we know how important it is for everyone to be aware of this. @SimpsonsLane3L

## Leadership signposting

If you have any questions or queries in the first instance please see your child's class teacher or Mrs Silburn who is usually on the playground before and after the academy day. If, after speaking to an academy leader, you require to speak to a Senior Leader, then Miss Mayers, Mr Colley or Miss Murphy will be more than happy to help you.

This week the Giraffes have been very busy reminding themselves how to stay safe on the internet. Joining together with the Rabbits and Elephants the children collected their own data. They predicted that Musical.ly would be the most popular was correct and out of the 81 children asked 54 children used this site. In second place was PlayStation Live where 50 children said that they used this as a form of communicating with others. Giraffes all now know how to stay SMART online. @giraffessla
